## GRC SWEEPS

CDT Underground, LLC., supplies GRC sweeps which are manufactured from the same materials as GRC conduit. GRC sweeps are produced with specialized hot-dip & in-line galvanizing processes that sets the quality benchmark for the industry.

GRC sweeps are available in sizes 1" to 6" in standard and long radius up to 60" with 90°, 45° and 30° bends.

Markets served by CDT include CATV, telecommunications, utility and DOT.

### GRC 90° Sweeps

DUCT SIZE	12" Radius	15" Radius	18" Radius	24" Radius	30" Radius	36" Radius	42" Radius	48" Radius
Weight Each in lbs.								
1"	4	6	5	6	9	9	12	13
1-1/4"	6	7	7	9	12	13	16	18
1-1/2"	8	9	10	11	15	16	19	21
2"	10	10	11	14	20	22	24	26
2-1/2"	15	19	18	23	27	32	39	44
3"	--	25	23	32	37	45	52	57
3-1/2"	--	std radius	31	35	42	54	62	69
4"	--	--	38	45	54	64	73	81
5"	--	--	--	std radius	85	94	100	120
6"	--	--	--	--	std radius	131	140	160

- Made in compliance with UL 6
- ANSI C80.1

**\*\* To estimate weight for 45° deduct by 15%, for 30° deduct by 20%.**
