CONDUIT CAPS

CDT Underground, LLC., supplies a variety of conduit caps which provide either temporary protection of conduits or more permanent with solvent weld caps. Caps are available in multiple types of material most commonly used are plastic, polyethylene and vinyl which are available in a multitude of sizes and types. PVC caps are available in standard duct sizes.

Caps that CDT supplies are used for standard conduits from 1/2" to 6" in either PVC or Poly available in a variety of colors and packed in boxes.

Markets served by CDT include CATV, telecommunications, utility and DOT.
